

GROM STILL KING OF FUN

15/06/2017 – The 2017 Grom has arrived in four new vibrant colours; Candy Caribbean Sea Blue, Candy Ultimate Pink, Pearl Valentine Red and Lemon Ice Yellow.

Available in showrooms now, the Grom has been at the top of its game as the best-selling Naked bike* on the market since it launched last year.

With a 125cc engine and super user friendly approach, it's the perfect entry level bike for those keen to start riding and an enjoyable and exciting riding experience anyone can try.

The compact chassis features a sturdy steel frame, inverted front fork, monoshock rear suspension and powerful hydraulic disc brakes on lightweight 12-inch wheels.

The Grom has a unique style from the fuel tank and side panels that integrate cleanly to give an edgy outlook, to the stacked LED headlight that offers a distinctive, ultra-modern face.

Completing the mischievous guise with a compact, upswept tail unit, higher pillion seat and short, under-slung exhaust, the Honda Grom means business on the streets.

The Grom will be the most fun you will have on the road this year so head into your local Honda dealer today to check it out.

For more information on the 2017 Grom or the entire Honda range visit your nearest Honda Dealer, ring 1 300 1 HONDA or go to www.hondamotorcycles.com.au
